SKILLS

- Data Structures
- DataBase
- Computer Networking
- CCNA
- Algorithms
- Problem Solving
- MCSC
- Hardware

PROJECTS

BANK MANAGEMENT SYSTEM

- The source code for Customer Account Bank Management System is relatively short and easy to understand. I have divided this C mini project into many functions, most of which are related to different banking activities.

REACT COVID-19 TRACKER

- Created a react app which show's the current analysis of covid-19 cases.
- The cases of each country or states can be viewed here with full information
- It extract data from who API and shows the data
- Here is a deployed version [LINK](#)
